

## Becker Library Researcher Workshop Series

The following workshops are intended for investigators or support staff. Each session has a limit of 30 registrants; registration is highly encouraged.

### NIH and Other Public Access Policies

Are you preparing a manuscript arising from NIH-funded research? Do you have other sources of grant funding such as the American Heart Association or the Department of Defense? If so, you may be required to comply with public access policies issued by these organizations. This session will provide an overview of the NIH Public Access Policy and other public access policies including the steps involved with compliance.

**Friday April 14, 2017**

Becker Library, Room 405

Noon to 1:00pm

[Registration](#)

### NCBI My Bibliography: Live Demo

Are you interested in learning more about NCBI My Bibliography? My Bibliography is a tool for managing citations and can be used to:

- complete a list of citations for articles and research products using PubMed
- track compliance with the NIH Public Access Policy
- generate a list of citations for a NIH biosketch
- populate the RPPR for reporting purposes

The session will start with a live demo of My Bibliography followed by a question/answer session. Feel free to bring your laptop to follow along with the demo or for troubleshooting.

**Friday April 21, 2017**

Becker Library, Room 405

Noon to 1:00pm

### NIH Biosketch and NCBI SciENcv

The session will review the instructions for creating a biosketch in the NIH format and include a review of NCBI SciENcv, a tool to generate a biosketch.

**Tuesday April 25, 2017**

Farrell Learning and Teaching Center, Room 213

Noon to 1:00pm
